

Note: *
Horizontal pantograph clearance is including the electrical clearance by a traction power of 25kV at different heights. The clearance values are considered for standing vehicles.

 ISRAEL RAILWAYS		DEVELOPMENT DIVISION		ELECTRIFICATION DEPARTMENT	
Date:	13.08.2014	Drawn :	YANAI	Draw No:	ISR135 - 01
Unit:	mm	Infrastructure ISR standard gauge with electrification for LOD workshop .			
Scale:	NTS				
Version:	01
