21.2. As a precedent condition precedent to the second payment FOR THE RSDEV, Supplier shall furnish a certificate from its insurers stating:

"The insurance policies required by Agreement No _____ between ISR and Supplier are in full force and effect".

21.3. Without derogating from the Supplier's liability pursuant to this Agreement or at law, the Supplier undertakes to arrange and maintain insurance policies, at its own expense, with an authorized insurance company, during the Service Period, as well

as for any additional periods during which the Supplier is held liable in connection with the Grinding/Milling Services and/or the supply of the RSDEV (whether at law or under this Agreement) as set forth in **Appendix R** ("the **Certificate of Insurance**").

- 21.4. In addition to the insurances noted in the Certificate of Insurance, the Supplier shall procure and maintain all compulsory insurances covering liability which it is required to maintain under the requirements of Applicable Law. The Supplier will arrange Comprehensive Automobile/Motor Liability Insurance, covering motor vehicles employed in any manner having to do with the Grinding/Milling Services, for bodily injury and property damage at a limit of no less than \$ 250,000 per event and for the duration of the Agreement, or as required by the local law (including compulsory insurance, if applicable).
- 21.5. The Supplier represents and warrants that it shall not have any claims, demands and actions against ISR and/or anyone on its behalf including the Israeli Government, concerning damage with respect to its property of any type and/or property under its responsibility, including systems, machines, stock and equipment of any kind that the Supplier and/or Subcontractors or anyone acting on their behalf use in connection with this Agreement and/or concerning any damage for which it is entitled to receive indemnification under its insurance policies; and Supplier hereby relieves ISR and/or anyone on its behalf including the State of Israel of any liability for such damage. The foregoing shall not apply for the benefit of anyone who caused damage with malicious intent.
- 21.6. For avoidance of doubt, it is agreed that the limits of indemnity noted under the liability insurance policies mentioned in the Certificate of Insurance represent a minimum requirement. The Supplier undertakes to assess the relevant exposure to liability and determine the limits of liability accordingly. The Supplier declares and confirms that it will be prevented from raising any contention and/or demand against ISR and/or anyone on its behalf, regarding such liability limits. In this regard, it is hereby clarified that the taking out of the abovementioned insurances by the Supplier will not limit or derogate in any way from the Supplier's undertakings according to this Agreement, and effecting these insurance policies will not release it from its obligation to indemnify ISR and/or any person whatsoever for any damage for which the Supplier is liable, in accordance with this Agreement and/or by any law.
- 21.7. The Supplier undertakes to provide ISR, no later than seven (7) days from the date of this Agreement and in any case before the date of commencement of the Grinding/Milling Services, with the Certificate of Insurance, signed by the Supplier's insurers.
- 21.8. At least thirty (30) days prior to the end of the insurance period, the Supplier undertakes to submit to ISR an updated Certificate of Insurance, in respect of the renewal of the policies for an additional period, and to do so at least thirty (30) days prior to the end of each insurance period and as long as required in clause 21.3 above. If at any time ISR is notified by the Supplier's insurers that any of the Supplier's Insurances are about to be cancelled and/or narrowed, the Supplier shall

forthwith re-procure such insurance in accordance with all the requirements herein and in the Certificate of Insurance, prior to the date of such cancellation/narrowing.

- 21.9. ISR may review the Certificate of Insurance, which the Supplier is committed to furnish as set out above, and the Supplier undertakes to make any change or amendment that will be required in order to make it conform to the Supplier's undertakings. The Supplier declares that ISR's right to examine the Certificate of Insurance and its right to demand amendments to the Certificate of Insurance, as set out above, does not impose on ISR or any party on its behalf any obligation or responsibility in relation to such Certificate of Insurance, or in connection with the nature, extent and validity of the Supplier's insurance coverage or with respect to the absence thereof, nor does it derogate from any liability whatsoever imposed on Supplier under this Agreement.
- 21.10. The Supplier undertakes to fulfil the conditions of the insurance policies placed by it in full, and punctually pay the insurance premiums, arrange for and ensure that the Supplier's insurance coverage shall be in full force and effect according to the Supplier's undertakings under this Agreement, at all times during the entire period required under this Section 21 above and/or under the Certificate of Insurance.

- 23.3. **Termination for Convenience**. In addition to, and without derogating from any other right that ISR may have to terminate this Agreement, including but without limitation pursuant to any other provision of this Section and/or to any Applicable Law, ISR shall have the right to terminate this Agreement at will, without cause and at ISR's sole and absolute discretion, until 120 (one hundred and twenty) days after issuance of the Purchase Order at the latest by giving the Supplier a 45 (forty five) days prior written notice.
- 23.4. Supplier hereby waives the right to termination under this Agreement and/or under law, for any reason. The sole and only remedy available to Supplier under this Agreement is compensation for breach subject to the terms of this Agreement.
- 23.5. **Effect of Termination**
- 23.5.1. Subject to Sections 23.5.4 and 23.5.5 below, termination of this Agreement will not limit either Party from pursuing any other remedies available to it under any agreement and/or Applicable Law, and termination or expiration of this Agreement, from whatever cause arising, shall be without prejudice to the rights of the Parties accrued under this Agreement up to the time of termination.
- 23.5.2. - 23.5.5. No damages or other recourses whatsoever (including but without limitation enforcement of this Agreement) shall be due to Supplier, by reason of any termination of this Agreement in accordance with its terms. In particular, but without limitation, Supplier shall not be entitled to any compensation, reimbursement or damage of any kind for any unjust enrichment or tort claim, if

any, resulting from the termination of this Agreement as aforesaid and/or on account of loss of prospective profits or investments and/or loss of goodwill or any other causes.

24. RISKS AND LIABILITIES

- 24.1. **General.** Supplier shall be solely responsible for, and shall defend, indemnify, and hold **ISR, including its shareholders, officers, directors, employees and consultants harmless** from and against any and all claims, liabilities, demands, suits, proceedings (whether civil or criminal, other than criminal acts of ISR), orders, judgments, penalties, settlements, fines and all associated costs, losses and expenses (including reasonable attorneys' and other professionals' fees) or any other direct damages (collectively, "**Damages**"), which ISR and/or any of the above persons and entities may incur arising out of, incidental to, or connected with any of the following (all without derogating from any other remedy that ISR and/or any of the above persons and entities may be entitled to under the circumstances, pursuant to this Agreement or under any Applicable Law):
- 24.1.1. the Works, including but without limitation, their design, assembly, integration, adjustment, tests and trials of the RSDEV (and/or any part thereof), as well as the Warranty and/or all Works related to the Grinding/Milling Services;
 - 24.1.2. the use of the RSDEV and/or the SRV and/or any part thereof, when the Damages arise from faulty design (including errors and omissions in design) or workmanship;
 - 24.1.3. any damage to property, death or injury to persons, arising out of, or in connection with, the RSDEV and/or the SRV or the Works including the Grinding/Milling Services;
 - 24.1.4. Supplier's breach of any term or provision of this Agreement or any Applicable Law;
 - 24.1.5. any claims against ISR made by any SubContractor arising from, or in connection with, the Works to be performed by the SubContractor, including but without limitation any payments related to the Works or any part thereof to any SubContractor;
 - 24.1.6. any negligent or willful act, error or omission by Supplier, its employees, agents, representatives and SubContractors, in the performance of this Agreement (including, for the removal of doubt, the execution of the Works);
 - 24.1.7. any actual or alleged infringement of Intellectual Property Rights of whatever type arising out of, in connection with, or otherwise resulting from the use of the Works by Supplier, its SubContractors or ISR.
- 24.2. **Payment of Indemnification Amounts.** Any amount for which ISR claims for indemnification hereunder shall be paid to it within the time specified in the notice

requiring indemnification.

24.3. **Defense against Proceedings.** If any legal action or any other proceeding (collectively "**Proceedings**") are commenced against ISR, in respect of which Supplier may be liable to indemnify ISR under this Section, then the following provisions shall apply:

24.3.1. Notice of such Proceedings shall be promptly given to Supplier.

24.3.2. Supplier shall, at its sole cost and expense, defend any litigation that may arise from such Proceedings and conduct all negotiations for the settlement of same, provided that any settlement of such Proceedings will be subject to ISR's prior written consent and provided further that Supplier shall not, in connection with such defense and/or settlement (i) injure ISR's reputation; (ii) purport to take any action expressly or implicitly on behalf of ISR; or (iii) purport to make any representation and/or admission regarding and/or concerning ISR or ISR's activities. ISR's written consent shall not be unreasonably withheld.

24.3.3. At the request and expense of Supplier, ISR shall afford reasonable assistance to Supplier in the defense of such Proceedings.

24.3.4. So long as Supplier timely takes over and properly conducts the negotiations or litigation, Supplier shall not be required to reimburse ISR the fees for services of attorneys retained by ISR (if and to the extent so retained). If ISR finds, however, that Supplier is not coordinating its defense with ISR in a proper manner or fails to defend ISR diligently or if ISR determines, at its sole and absolute discretion, that representation should be by ISR, then ISR may retain the services of attorneys on its behalf and at Supplier's expense, which attorneys will represent ISR in the said Proceedings and may settle such Proceedings, provided that Supplier gives its consent to such settlement in advance and in writing (which consent shall not be unreasonably withheld). For the removal of doubt, the settling of such Proceedings by ISR shall not relieve Supplier of the obligation to indemnify ISR as provided in this Agreement (including without limitation, for reasonable legal fees and expenses incurred by ISR in connection with the enforcement of Supplier's indemnification obligations hereunder).

24.3.5. In addition to the above, if ISR is a defendant in any Proceedings, ISR may at its sole discretion participate and retain the services of attorneys on its behalf at its own expense.

24.4. **Exclusions.** Subject to the provisions of Section 24.5 below, in no event shall either Party be liable towards the other for any and all indirect or consequential Damages, including but not limited to loss of profit, loss of revenue, loss of goodwill, etc. with respect to this Agreement (including the Works to be performed hereunder), whether in an action based on contract, tort (including negligence) or any other cause of action.

- 24.5. **Exceptions.** The provisions of Section 24.4 above shall not apply with respect to:
- 24.5.1. Any Damages to ISR incurred in connection with endemic failures, including but without limitation such damages to ISR as: replacement of components, publication of advertisements and/or manpower specifically assigned to rectification of such faults and damages;
 - 24.5.2. Alleged or actual infringement of Intellectual Property Rights by the Works or any part thereof;
 - 24.5.3. Death or injury;
 - 24.5.4. Claim for payment by any SubContractor.
- 24.6. **Withholding of Payments and Collection on Guarantees.** Without derogating from any other rights of ISR under any applicable law and/or agreement, in the event that any claim is made against ISR, or any lien or attachment is affixed against any of its properties, which claim, lien or attachment relates to or is based on circumstances and/or events which fall within the responsibilities and/or indemnification obligations of Supplier as per Section 24.1 above, then unless Supplier provides adequate security, to ISR's satisfaction, that the claim will be covered, ISR may (i) withhold all payments then due or thereafter becoming due to Supplier, until such claim is satisfied and such liens or attachments released, and (ii) settle the matter by paying any such claim or removing such lien or attachment, and recover any amounts required in order to do so by collecting upon any of the applicable Guarantees.

25. SUBCONTRACTORS

- 25.1 The Supplier shall not engage any subcontractor ("**SubContractor**") for the performance of any of its obligations under this Agreement without ISR's prior written approval. Any such retention, if approved, shall be subject to the following terms and conditions:
- 25.1.1. The SubContractor of RSDEV must meet the terms and the conditions set out in the Technical Specifications.
 - 25.1.2. The SubContractor of SRV must meet the terms and the conditions set out in the Grinding/Milling Services Specifications.
 - 25.1.3. The SubContractor has read the terms and the conditions of this Agreement and confirms, and warrants that the terms and the conditions of this Agreement, including its Annexes are reasonable and agreeable to it. Furthermore, SubContractor shall abide by all applicable obligations under this Agreement which are required by it for the fulfillment of this Agreement, such as, but not limited to, obligations with regards to the Declarations and Representations, General Obligations, Intellectual Property Rights, Spare Parts, Warranty, Optional Service Support, Risks and Liabilities, Delivery Terms, Termination, etc.
 - 25.1.4. In the event that the SubContractor shall fail to comply with this Agreement,

ISR shall have the right to rescind its approval (with respect to SubContractor) and/or or to instruct Supplier to perform the relevant Works by itself or through another approved SubContractor, whereupon Supplier shall immediately stop employing the non-complying SubContractor, in accordance with the separation plan, approved in advance by ISR.

25.1.5. The approval, non-rejection, recommendation, instructions, directives or determinations made by ISR with regard to the employment of, and/or to the placement of orders for components and/or equipment with the SubContractors, shall not relieve Supplier of its responsibility to ISR in connection with the execution of the Works, the supply of the RSDEV and/or the SRV and the fulfillment of the obligations under this Agreement or from any liability assumed by or imposed upon Supplier under this Agreement and under Applicable Law, nor shall it impose any liability or responsibility upon ISR in connection with the SubContractor, including but without limitation for any acts and omissions done and/or works executed by SubContractors, and Supplier shall be fully responsible towards ISR for the acts and omissions of the SubContractors.

25.1.6. The agreement entered into between Supplier and the SubContractors which relates to the performance of Supplier's obligations under this Agreement shall include all of the following provisions:

- (I) SubContractor is aware of and agrees to all provisions of this Agreement and their consequences as they relate or apply (expressly or implicitly) to such SubContractor agreement and/or to the Works to be performed and/or to the equipments and/or components and/or materials to be supplied under such SubContractor agreement and undertakes to comply with such provisions.
- (II) SubContractor shall have no legal recourse against ISR in any matter arising out of or connected with the Works. Without derogating from the generality of the above, SubContractor shall waive any Retention Rights (as defined below) against Supplier and ISR, and will confirm that the payments to be made by Supplier to SubContractors contain ample financial provisions concerning such waiver by SubContractor of all Retention Rights.
- (III) SubContractors shall abide by any order of ISR regarding the removal of any specific employee, at ISR's sole discretion.
- (IV) SubContractor shall agree to any purchases of Spare Parts and/or services by ISR directly from SubContractor or its subcontractors or suppliers.

25.2 For the avoidance of any doubt the above Section shall not apply to sub-suppliers, i.e. suppliers that supply materials and/or other components to Supplier for the manufacturing of the RSDEV.

26. FORCE MAJEURE

26.1 Neither Party shall be liable for any delay in the performance of this Agreement, if such delay is, directly or indirectly, caused by, or arises from, an impediment beyond the control and without fault or negligence of the party affected, including the following

occurrences fires, floods, accidents, civil unrest, acts of God, war, governmental interference or embargoes, strikes, labor difficulties or transportation delays of the RSDEV and/or the Grinding/ Milling Services and/or the Works ("**Force Majeure**").

- 26.2 A Party affected by an event of Force Majeure shall (a) promptly notify the other party in writing of any such event, the expected duration thereof, and its anticipated effect on the party affected in terms of the performance required hereunder; and (b) make reasonable efforts to promptly remedy any such event of Force Majeure. Any Works or supply delayed due to an event of Force Majeure shall be extended for such time as the event shall continue.

27. LANGUAGE

- 28.3 Any dispute in connection with this Agreement including its validity or interpretation shall be settled between the Parties. This also applies to other legal matters arising out of or in connection with this Agreement. The negotiations shall be conducted by at least two persons chosen by each Party for this purpose. The timeframe for the settlements of disputes between the Parties shall not exceed a period of three (3) months.
- 28.4 All matters in dispute, following failure of negotiations as outlined above, shall be referred to the competent court located in Tel Aviv, Israel, and the competent Israeli courts shall have exclusive jurisdiction in all matters arising therefrom unless otherwise mutually and expressly agreed, in writing, by the Parties.
- 28.5 **Dispute not Effecting Delivery.** Supplier agrees and undertakes that no Dispute shall entitle Supplier to delay or withhold (i) the continuation of the Works so as to meet the Delivery Schedule or any other schedules agreed between the Parties, and/or (ii) the performance of the Warranty, subject to ISR paying to Supplier any undisputed amounts, and the dispute shall be resolved pursuant to the dispute resolution procedure specified in Section 28.3 above.

29. MISCELLANEOUS

- 29.1 **Waiver of Lien by Supplier.** Supplier hereby waives from the moment of Final

Acceptance any possessory lien, mechanic's lien or similar possessory or retention right (in Hebrew: "זכות עיכבון") and preservation of ownership (in Hebrew: "שימור בעלות") (collectively, "**Retention Rights**") against ISR with regard to the RSDEV and/or the SRV and the Works, including, but not limited to, the items of the Works that are in the possession of Supplier in Supplier's workshops or which are in the possession of SubContractors. Supplier represents and warrants that the consideration to be paid by ISR under this Agreement includes ample financial provisions concerning the waiver by Supplier of all Retention Rights with regard to the Works, and the payments to be made by Supplier to its SubContractors contain ample financial provisions for the insertion of a clause requiring a similar waiver by said SubContractor in connection with the Works.

- 29.3 **Exercise or non exercise of rights by the Parties.** Consent by a Party to deviate from any of the provisions of this Agreement in a particular case shall not constitute a precedent, and no inference by analogy shall be drawn from it in respect of any other case. If a party does not exercise any of the rights conferred upon it by this Agreement or any Guarantee arising hereunder in a particular instance, such fact shall not be regarded as a waiver of those rights in any other instance and shall not be considered as implying or indicating a waiver of any right under this Agreement.
- 29.4 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement between the Parties concerning the subject matter hereof, superseding all prior and contemporaneous drafts (including drafts of the Agreement that formed part of the Tender), proposals, negotiations, communications, documents, understandings and agreements, written or oral, with respect to the subject matter of this Agreement, unless specifically incorporated herein by reference. This Agreement may only be amended by a written document signed by both Parties.
- 29.5 **No third party beneficiaries.** All rights and obligations of the Parties hereunder are personal to them. This Agreement is not intended to benefit, nor shall it be deemed to give rise to, any rights to any third party (including, without limitation any SubContractor).
- 29.6 **Assignment.** This Agreement, including the rights and obligations herein, may not be transferred by the Supplier to any third Party without receiving ISR's prior written consent, which shall not be unreasonably withheld. Upon receipt of Notice of Assignment by the Supplier, the assignment and/or the transfer shall be binding and the Supplier may not object to such assignment and/or transfer and shall fulfill any and all obligations resulting from such assignment and/or the transfer as directed by ISR and/or the State of Israel. Without derogating from the above, the State of Israel may reassign and/or retransfer, upon its absolute discretion and at any time, all of its rights and obligations back to ISR by providing written notice to the Supplier and such reassignment and/or retransfer shall be binding and the Supplier may not object to such reassignment and/or the retransfer and shall fulfill all obligations resulting from such reassignment and/or the retransfer as directed by ISR and/or the State of Israel. The Supplier hereby waives any and all claims and/or demand against ISR and/or State of Israel resulting from the implementation of this Section by ISR and/or the State of Israel.

29.7 **Severability.** If any provision of this Agreement is held or made invalid or unenforceable for any reason, such invalidity or unenforceability shall not affect the remainder of this Agreement, and the invalid or unenforceable provisions shall be replaced by a mutually acceptable provision, which, being valid, legal and enforceable, comes closest to the original intentions of the Parties hereto and has like economic effect.
