**Re: NOTICE #1 TO RFI ACADEMIC OPPORTUNITIES FOR THE
CERTIFICATION OF ISRAEL RAILWAYS' ENGINEERS ABROAD**

This notice (the "Notice") is being furnished to the general public in accordance with the RFI documents.

The Final Submission Date referred to in Section 5 of the General Terms is hereby postponed to **May 16, 2019, at 13:00 (Israel time)**.

Explanatory Note

For the removal of doubt, with respect to any question or request not specifically addressed in this Notice, the RFI Documents remain unchanged. It is hereby further clarified that throughout the RFI Process, ISR shall only be bound by information submitted by ISR in writing, and no oral or other non-written response or information will bind ISR for any purpose whatsoever.

Clarifications:

ISR would like to clarify that the requested academic opportunities should allow for ISR employees to work while taking part in the courses. ISR is looking for courses that would be offered in Israel or abroad. Such that would allow for ISR employees to simultaneously work and take part in the course. If the courses would be offered abroad, ISR will be able to send its employees abroad for short periods of time in order for them to take part in the course and return to work. If the course is to be given in Israel, the employees will be able to work as usual and take part in the course simultaneously.
